### What do you consider to be the main strength of this project meeting?

8 réponses

Knowledge about actual topics

Language developed

Contact with another cultures

Enable the students to have an Open mind

The knowledge the different students acquired on the topics approached during this mobility, the fact that they engaged in communicative activities and interacted allowed them to grow awareness on the topics, as well as on the different cultures .

Many different goals achieved in a meeting that was held in two islands.

A good preparation of the meeting by the host school.

To clarify the project's parts and distribute areas of responsibility

Shared skills, vision and experiences

The quality of the activities and the quality of the materials produced by the students.

Its strengthen the team effort. The collaboration between the teachers was excellent.

### Were there any weak points?

4 réponses

We couldn't arrange a collaboration with our university department in Syros

No, during the meeting we got all set

There wasn't enough time to practically test the different platforms or show each other what is expected from each team

No

Can you see any problem areas for the project that should be tackled as soon as possible?

4 réponses

No

No

The fact that the legal representative of the Swedish school has left the school gives the feeling that the coordinator doesn't know exactly what to do.
